

SD 140 - Assignment #3

Student:

Correctness (60%)	Mark
No errors, program always works correctly and meets the specification(s)	5
Minor details of the program specification are violated, program functions incorrectly for some inputs.	4
	3
	2
Significant details of the specification are violated, program often exhibits incorrect behavior.	1
Program only functions correctly in very limited cases or not at all.	0

Readability (15%)	Mark
No errors, code is clean, understandable, and well-organized.	5
Minor issues with consistent indentation, use of whitespace, variable naming, or general organization.	4
	3
	2
At least one major issue with indentation, whitespace, variable names, or organization.	1
Major problems with at three or four of the readability subcategories.	0

Structure (15%)	Mark
Your project is very well architected and well designed, including placing code in a logical place, such as the service, controller or template.	5
You have thoughtfully organized your code in a logical place, such as the service, controller or template, however there are a few places that can be improved upon.	4
	3
	2
There is little thought in how you organized your code. The use of your service, controller and template is limited.	1
There is no organization to your code at all. Major components are missing.	0

Assignment Specifications (10%)	Mark
No errors	5
Minor details of the assignment specification are violated, such as files named incorrectly or extra instructions slightly misunderstood.	4
	3
Many details of the assignment specification are violated, such as files named incorrectly or extra instructions very misunderstood.	2
	1
Significant details of the specification are violated, such as extra instructions ignored or entirely misunderstood.	0

Total Mark %	100%
